

Denise Ervin Designs Fashion and Sewing Summer Camps

As a lover of fashion, Denise has realized there are others out there who share her passion, but do not have quality access to training. In addition she found that basic sewing skills for apparel are not being taught. So, the idea was formed to share her knowledge with others right here in Omaha, and hopefully foster some creative genius that just needs to be released!

Denise has a 30+ years of expertise in fashion and costume design. Her resume includes: 20 years as the head costume designer for the Omaha Community Playhouse, 6 years working as a costumer in Los Angeles, and 7 years as senior designer for Adidas. In 1989 she designed and made Marilyn Quayle's Inaugural Ball Gown, and in 1992 was named the official Couturier for the Ak-Sar-Ben Coronation and Ball

Fashion Design
